Access to higher education

The Access to Higher Education (HE) diploma is a qualification which prepares adults for study at university. It is designed for people who would like to study in HE but who left school without the usual qualifications, such as A-levels. We aim to help you develop the study skills, knowledge and confidence you need to succeed on a degree course. Call us on 020 7492 2610 for more information and to arrange for an advisory interview. All courses run for a year unless otherwise stated.
